

## The 2019 Alpine Angus Spring Bull Sale

Presenting 40 HBR and APR Registered Angus Bulls To be held at the Alpine Sale Complex, Rosewhite Wednesday 11 September at 1pm

Alpine Angus will hold its annual Spring Bull Sale on Wednesday September 11th on-farm at its Rosewhite bull selling complex.

40 performance recorded HBR & APR bulls will be offered, all backed by Alpine's commitment to producing high-quality, performance-orientated cattle, bred with a specific focus on birth-togrowth spread while maintaining and improving the basic fundamentals of structure, type and temperament.

We place considerable empahasis on the quality of our cow herd and our breeding objectives are designed to ensure that structural integrity and true Angus type are maintained within it. We have a rigorous process to ensure we only add in sound females with constitution, and run our herd under challenging conditions to ensure there is increased selection pressure on our herds natural fertility levels and ability to breed back under challenging conditions.

We select sires that combine responsible maturity patterns with breed-leading growth, the aim being to produce easy-born cattle that grow quick with excellent performance potential. We are fortunate to have a number of high-quality bulls walking cows at Alpine and combine these with an artificial breeding program using leading sires from the Coonamble herd in Western Australia as well as some of the USA's highest performing Angus sires. We spend significant time and energy sourcing sires to ensure they continue to develop our herd in more ways than just EBVs alone.

A feature of this years Sale will be a run of 6 sons by Sitz Investment 660Z. Investment excels at producing light born calves with explosive performance, big eye muscle area and good fat cover. He combines a well below average Birth Weight EBV of 3.6 with growth and Carcase Weight EBVs entrenched in the top 1% of the breed and Eye Muscle Area and high Fat EBVs sitting in the top 10%. His dam has produced at least three leading AI sires for the Sitz herd. His progeny have excelled in the USA, highlighted by the December 2016 Annual Sitz sale where he produced the four highest priced bulls from 420 sold! Included amongst the other sires represented are the Alpine owned Sterita Park Black Jack, who produced the grand Champion carcase at last years Royal Melbourne show -Coonamble Junior – a higher IMF bull that has consistently produced quality, high-growth bulls for us in past sales and Hazeldean High Roller, one of the highest docility bulls in the breed and the producer of some of our truest to type females.

We get exceptional support throughout North East and Central Victoria, Upper Murray regions, the High Country and East Gippsland. We are ideally positioned to access these areas and provide free delivery from our bull sale to all of Victoria and Southern NSW. In saying that, our Autumn bull sale also saw us delivering bulls to the Western District, SA, NSW and Tasmania.

Service is a key focus at Alpine, with all bulls delivered free of charge, independently structurally assessed, semen and fertility tested, vaccinated for pestivirus, vibriosis & 7-in-1 and tested PI free.

We look forward to welcoming you to the 2019 Alpine Spring Bull Sale. If you would like to view the bulls prior to sale day please give Chris a call to arrange a suitable time. On Sale Day, Wednesday 11 September Sale Bulls will be on display from 10 am.

All the best, Jim Delany Principal Chris Oswin Manager
