

Alpine performance and growth is the difference.

The Alpine Autumn Bull Sale will be held at the Alpine Selling Complex on Tuesday 24 March 2020.

The sale was originally scheduled for Tuesday 3 March 2020 but we have put it back. This years Mountain Calf sales have been brought forward a week and now clash with this date. Also areas close by have had a disruptive and sometimes devastating last month. Our hearts go out to all those affected by the recent fires. If there are practical ways we are able to help those impacted please let us know.

This years lineup represents our continued commitment to breeding high performance cattle with strong breed characteristics, structure, type and docility. We incorporate the highest octane genetics to enhance our herds underlying performance without compromising its functionality. We also continue to add sires to maintain the basic fundamentals that are imperative to running an efficient, profitable and easy care cattle herd.

Our sale bulls have undergone a rigorous health and selection process. All are tested PI free and vaccinated for Lepto, Vibrio and Pesti. They have been DNA sire verified, independently semen tested and structurally assessed. We have a three year guarantee program with an emphasis on ensuring adequate protection should first year breakdowns occur. This is all backed by a can do approach and willingness to work in with clients should problems arise.

Our strong relationship with the WA Coonamble program continues. These bloodlines have met solid demand at our last few sales, with Coonamble sired bulls topping three of our last four sales. This year we have another first class line up and they account for around a quarter of the sale. This includes 11 Junior and 7 Hector sons plus another half dozen by

Coonamble Elevator sons – Leader, Hogan and H176.

There is an exciting group of moderate birth, high performance sires with outstanding Birth to Growth credentials, led by 9 Sitz Investment sons and complimented by sons of Baldrige Beast Mode and Plattermere Weigh Up. We sold our first Investment sons in last years Spring Sale and they were extremely popular.

We are fortunate to have first class backup bulls working cows at Alpine which are also AI sires in their own right. Karoo Knockout, Sterita Park Black Jack and Bowmont Jackpot are all marketed by major AI companies and sons of these bulls performed admirably in 2019 sales.

The first major run of Knockouts are hitting the market this year and it is pleasing to see them in the front end of many sale catalogues. He stamps his progeny with excellent body depth and mass and they are first class movers.

Black Jack has had sons sell to \$18,000 in the past couple of years and he has consistently put stout bodied, strong toplined bulls through our sales. A Black Jack steer bred by Alpine and exhibited by Rutherglen High School was the grand champion carcass of the 2018 Royal Melbourne Show.

Jackpot sons have met popular demand with one topping our 2019 Spring Sale and he also sired three of the top four priced bulls in Hazeldean's 2018 Spring Sale.

Hazeldean High Roller is another quality bull we own with an excellent set of sons in this year's sale. He has consistently done this over the last few years and a son topped our 2017 Spring Bull Sale. His maternal traits and docility are second to none and his daughters dominated our heifer selection process last year.

Our cow herd continues to go from strength to strength and we are confident this drives the improvement in the quality and consistency of the bulls we produce. The transition of Welcome Swallow genetics into our herd has been seamless and we targeted a couple of key cow families at last year's Witherswood and Anvil dispersals.

Zoetis are running a weaner and containment feeding workshop at our Rosewhite Bull Selling Complex on the morning of Wednesday 18 March. All bulls will be yarded in the sale pens in the afternoon, so if you can't make the workshop, feel free to drop out and have a look at the bulls. Details for the workshop are on page 6 of this newsletter and also our website.

**All the best,
Jim Delany, Principal
Chris Oswin, Alpine Manager**

AUTUMN 2020 IN THIS ISSUE

ZOETIS REPROACTIVE FIELD DAY

**Wednesday 18 March
8.30am-3pm**

All sale bulls will be on display later in the afternoon To be followed by BBQ and Presale Bull inspection. Refer page 6 for more information

PRESALE INSPECTIONS WELCOME

Zoetis ReproActive Field Day

Hosted by Alpine Angus, Wednesday 18 March 8.30am-3pm

Weaner Management: Planning for Performance

Weaning is one of the most crucial management interventions in a beef operation, regardless of season.

Alpine Angus, TAFCO & Zoetis invite you to this informative workshop.

Developed by Australia's leading vets, cattle specialists & rural business experts, ReproActive is an outstanding specialised series designed to help maximise the reproductive & productive potential of beef herds.

What's in store?

Successfully implementing & managing early weaning to drive efficiency & production.

Feeding weaners - meeting the needs of growing stock & the ramifications for productivity, fertility & meat quality.

Containment feeding - getting it right across all classes of stock.

Bovine Respiratory Disease in weaners - why it is important & managing the risks.

Genomic testing in beef cattle - what is it, how does it work & what does it mean for stud & commercial beef producers?

Prac sessions include best practice yard weaning, genomics at work & condition scoring

When 8.30am-3.00pm, Wednesday, 18 March 2020

Where Alpine Angus, 1138 Happy Valley Rd, Rosewhite, Victoria

Cost \$25pp donation (includes admission, workshop materials, lunch & refreshments)

Registration reproactivealpineangus.eventbrite.com.au
RSVP essential
